**Independent Auditors' Report to the Shareholders of Agrani Bank PLC.  
Report on the Audit of the Consolidated and Separate Financial Statements**

**Qualified Opinion**

We have audited the consolidated financial statements of Agrani Bank PLC. and its subsidiaries (the "Group") as well as the separate financial statements of Agrani Bank PLC. (the "Bank"), which comprise the consolidated and separate balance sheets as at 31 December 2025, and consolidated and separate profit and loss accounts, consolidated and separate statements of changes in equity and consolidated and separate cash flows for the year then ended, and notes to the consolidated and separate financial statements, including material accounting policy information.

In our opinion, except for the effects of the matters described in the Basis for Qualified Opinion section of our report, the accompanying consolidated financial statements of the Group and separate financial statements of the Bank give a true and fair view of the consolidated and separated financial position of the Bank as at 31 December 2025, and of its consolidated and separate financial performance and its consolidated and separate cash flows for the year then ended in accordance with Rules and Regulation issued by Bangladesh Bank and IFRS Accounting Standards as issued by the International Accounting Standards Board (IASB) as explained in Note 2.

**Basis for Qualified Opinion**

As disclosed in Notes 12.9, 12.13, 12.14, 12.15, 12.17 and 12.24 to the financial statements, the Bank has not recognized the full amount of the required provisions amounting to BDT 25,881 crore for impairment of assets such as loans and advances, balances with other banks and non-bank financial institutions, money at call and short notice deposits, non-banking assets, other assets, balances with Bangladesh Bank, inter branch adjustment account and the superannuation fund. As at 31 December 2025, the shortfall in provisions amounted to BDT 15,324 crore.

Non-recognition of this shortfall in provision has its consequential adverse impact/effect in the disclosed net profit, liabilities and shareholders' equity of the Bank. However, Bangladesh Bank vide letter no. BSD-3(wing-1)/95/2026-362, dated 30 April 2026, has allowed Agrani Bank PLC. to finalize the financial statements without recognizing the provision shortfall of BDT 15,324 crore, and also instructed the Bank to submit a Board approved, realistic and time bound work plan to recover from provision and capital shortfall to Bangladesh Bank within one month. Management is in the process of preparing this plan.

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Consolidated and Separate Financial Statements* section of our report. We are independent of the Group and the Bank in accordance with the International Ethics Standards Board for Accountants' *International Code of Ethics for Professional Accountants (including International Independence Standards)* (IESBA Code), as applicable to audits of the financial statements of public interest entities, together with the ethical requirements that are relevant to audits of the financial statements of public interest entities in Bangladesh. We have also fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion.

**Emphasis of Matters**

We draw attention to the following notes of the financial statements, which describe the effects in the Bank's financial statements. Our opinion is not further modified in respect of these matters.

- i) Note 2: Management has explained the basis of preparation of financial statements including compliance with Rules and Regulations issued by Bangladesh Bank on classification of loans and advances/ investments, and required impairment provision.
- ii) Note 12.17: The last actuarial valuation of the Bank's Superannuation Fund was conducted in May 2018, based on financial information as at 31 March 2018. Although the actuary recommended re-measurement of the defined benefit obligation as at 31 December 2018, no subsequent valuation has been performed up to the date of this report. As more than seven years have passed since the last actuarial valuation, further actuarial valuation is required to be done to measure/quantify updated employees benefit obligations of the Bank under IAS 19-Employees Benefits. Moreover, Actuary's recommendation to transfer provision shortfall of BDT 2,783 Crore in 2018 has not been fully complied with in that there still remains deficit in transfer of BDT 579 crore as at the reporting date.
- iii) Notes 9.1, 9.1(i), and 9.1(ii) to the financial statements regarding the use of unaudited financial statements and the status of Agrani Exchange Company (Australia) Pty. Limited and Agrani Remittance House Canada Inc. The Bank carries an investment of BDT 4,000,965 (equivalent to AUD 50,000) in Agrani Exchange Company (Australia) Pty. Limited, which ceased operations on 30 June 2016 and was deregistered on 10 May 2020. Although BDT 3,087,277 (equivalent to AUD 50,000) was recovered, the remaining balance of BDT 913,688 has not been written off or recognized as a realized loss.
- iv) As disclosed in Notes 29.00, 12, and 8.00 of the financial statements, the Bank has recognized lease liabilities amounting to BDT 541,979,858 and right-of-use (ROU) assets of BDT 464,216,381 following IFRS 16. However, it has been observed that the Bank has not recognized lease liabilities and corresponding ROU assets for several branch premises. On the other hand, rent expense of BDT 606,546,179 has been recorded under "Rent, Taxes, Insurance, Lighting, etc."
- v) As disclosed to Note 8.00 to the financial statements, which indicates that the Bank's fixed assets, comprising land, buildings, furniture and fixtures, amount to Tk. 16,536,553,334 as at 31 December 2025, representing 79.80% of the paid-up capital of the Bank. During the year, additions to fixed assets amounted to BDT 49.53 crore. The Bank has therefore exceeded the threshold of acquiring fixed assets equivalent to 30% of its paid-up capital as per Bangladesh Bank BRPD Circular Letter No. 14 dated 12 August 2013.

**Key Audit Matters**

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the consolidated and separate financial statements of the current period. These matters were addressed in the context of our audit of the consolidated and separate financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below our description of how our audit addressed the matter is provided in that context.

<b>Measurement of provision for loans and advances/investments</b>	
<p>All scheduled banks in Bangladesh shall follow Bangladesh bank regulation on loan approval and disbursement, loan classification and maintenance of required provision, interest waiver and transfer to interest in suspense.</p> <p>The Bank calculates provision for loans and advances/investments by considering various factors such as rate of provision, loan category, expiry date, outstanding balance, interest suspense amount, value of eligible collateral as per BRPD circular no. 15 dated 27 November 2024 and its subsequent amendments.</p> <p>Due to the current macro-economic situation of the Country and global geo-political events, non-performing loans across banking industry significantly increased during last couple of years. In order to support businesses in overcoming economic challenges and continue with operation, Bangladesh Bank provided policy support to borrowers who become classified/ non-performing through BRPD Circular No. 07 dated 16 September 2025, including additional relief measures approved by the relevant BRPD committee on a case-by-case basis. Significant proportion of the Bank's classified borrowers availed these special rescheduling and policy support facilities and were consequently reported as unclassified as at the reporting date. However, despite being unclassified these</p>	<p>We evaluated the design and implementation of relevant controls, checked operating effectiveness of selected key controls, and on sample basis conducted substantive testing of the following:</p> <ul style="list-style-type: none"> <li>• Credit appraisal, loan sanction and disbursement procedures, monitoring and provisioning process;</li> <li>• Identification of loss events, including early warning and default warning indicators;</li> <li>• Reviewed the quarterly Classification of Loans(CL);</li> <li>• Processes for loan classification, determination of required provisions on loans, advances in accordance with applicable Bangladesh Bank regulations;</li> <li>• Compliance with applicable laws and regulations of Bangladesh Bank relating to loan sanctioning and disbursement during the year;</li> <li>• Adequacy of the general and specific provisions in line with related Bangladesh Bank guidelines;</li> <li>• Assessment of methodologies on which the provision amounts are based, recalculated the provisions and tested the completeness and accuracy of the underlying information;</li> <li>• Process of loans and advances/investments write off, recoveries from written off loans and advances/investments, loans and advances/investments re-schedule and re-structure, calculation of interest /profit waiver and suspense as per directions provided by Bangladesh Bank;</li> </ul>

borrowers reflect high risk of default and hence may require additional provision.

Loan write-off involves significant judgment in determining eligibility, adequacy of provisioning and compliance with regulatory requirements. The Bank executed write-offs in accordance with Bangladesh Bank BRPD Circular No. 04 dated 18 February 2024, as subsequently updated by BRPD Circular No. 08 dated 19 October 2025.

To maintain provisions for non-performing loans in line with the central bank's guidelines, the Bank identifies impaired loan accounts and calculates required provisions manually. Furthermore, the process for calculating the provision for loans and advances/investments portfolio associated with credit risk is significant and complex.

Management has incentive to maintain lower provisions for loans and advances to overstate profit.

At year end, the Group reported total gross loans and advances of BDT 807,190.67 million (2024: BDT 791,391.81 million) and provision for loans and advances of BDT 71,457.73 million (2024: BDT 65,538.94 million). On the other hand, the Bank reported loans and advances of BDT 805,733.47 million (2024: 790,374.10 million).

Due to these factors, we have considered measurement of provision for loans, advances and leases as significant risk as well as a key audit matter.

- Compliance with Bangladesh Bank BRPD Circular No. 04 dated 18 February 2024, as amended by BRPD Circular No. 08 dated 19 October 2025, with particular focus on eligibility criteria, approval hierarchy and procedural requirements for loan write-off;
- Appropriateness and presentation of disclosures against relevant accounting standards and Bangladesh Bank guidelines;
- We assessed the Bank's provisioning methodology against applicable regulatory requirements and IFRSs, including a critical evaluation of management's basis for not maintaining the required level of provisions.
- We reviewed relevant Bangladesh Bank correspondence including provision shortfall identified vide letter no BSD-3(wing-1)/95/2026-339 dated 28 April 2026 and compared the loan classification and provision requirement.
- Our procedures included recalculating the total required provisions, comparing these with provisions maintained, and quantifying the resulting shortfall. We further evaluated the adequacy and transparency of related disclosures in the financial statements.
- Based on our procedures, we note that the Bank was unable to maintain the required level of provisions, resulting in a material shortfall, which is not in compliance with applicable financial reporting frameworks.
- The Bank sought a deferral from provision on loan requirement of BDT 12,500 cr (which later reduced to BDT 11,991 cr due to certain adjustments/ reclassification). Finally, pursuant to Bangladesh Bank letter no BSD-3(wing-1)/95/2026-362 dated 30 April 2026 reviewed the related disclosure in the financial statements.

<b>Recognition of interest income on loans, advances and leases</b>	
<p>Recognition of interest income has significant impact on financial statements. Measurement of interest income involve complex IT environments and also require judgment in case of overdue and/or distressed borrower.</p> <p>We identify recognition of interest income from loans, advances and leases as a key audit matter because this is one of the key performance indicators of the Bank and therefore there is an inherent risk of fraud and error in recognition of interest by management to inflate profit/ meet specific targets or expectations.</p>	<p>We tested the design and implementation of key controls over recognition and measurement of interest on loans, advances and leases.</p> <p>We performed test of operating effectiveness on automated control in place to measure and recognize interest income.</p> <p>We also performed substantive procedures on test basis to check whether interest from selected borrower accounts are properly measured and recognized in income.</p> <p>We also checked a sample of interest waiver given during the period to assess whether proper approval is obtained.</p> <p>We reviewed on test basis whether transfer to/from interest in suspense account are made in accordance with the Bangladesh Bank's guidelines.</p> <p>We assessed the appropriateness and presentation of disclosure against relevant accounting standards and Bangladesh Bank guidelines.</p>

**IT systems and controls**

<p>Our audit procedures have a focus on IT systems and controls due to the pervasive nature and complexity of the IT environment, the large volume of transactions processed in numerous locations daily and the reliance on automated and IT dependent manual controls.</p> <p>Our areas of audit focus included user access management, developer access to the production environment and changes to the IT environment. These are key to ensuring IT dependent and application-based controls are operating effectively.</p> <p>The Bank has undertaken certain IT improvement work regarding maintenance of Core Banking Solution (CBS) for CL-1 and CL-3 in accordance with the guidelines of the Bangladesh Bank Version 2.0, dated 13 May 2024, and BRPD Circular No-12 dated 13 May 2023. ## **Responsibilities of Management and Those Charged with Governance for the Consolidated and Separate Financial Statements and Internal Controls**

Management is responsible for the preparation of consolidated and separate financial statements that give a true and fair view in accordance with Rules and Regulation issued by Bangladesh Bank and IFRS Accounting Standards as issued by the IASB as explained in note 2 and for such internal control as management determines is necessary to enable the preparation of consolidated and separate financial statements that are free from material misstatement, whether due to fraud or error. The Bank Company Act, 1991 and the Bangladesh Bank Regulations require the Management to ensure effective internal audit, internal control and risk management functions of the Group and the Bank. The Management is also required to make a self-assessment on the effectiveness of anti-fraud internal controls and report to Bangladesh Bank on instances of fraud and forgeries.

In preparing the consolidated and separate financial statements, management is responsible for assessing the Group's and the Bank's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group and the Bank or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Group's and the Bank's financial reporting process.

## **Auditors' Responsibilities for the Audit of the Consolidated and Separate Financial Statements**

Our objectives are to obtain reasonable assurance about whether the consolidated and separate financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated and separate financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated and separate financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's and Bank's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group and the Bank to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated and separate financial statements, including the disclosures, and whether the consolidated and separate financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Plan and perform the group audit to obtain sufficient appropriate audit evidence regarding the financial information of the entities or business units within the group as a basis for forming an opinion on the group financial statements. We are responsible for the direction, supervision and review of the audit work performed for purposes of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated and separate financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### 2.15.1 Impairment of fixed assets

At each balance sheet date, the Bank assesses whether there is any indication that the carrying amount of an asset exceeds its recoverable amount. An asset is carried at more than its recoverable amount if its carrying amount exceeds the amount to be recovered through use or sale of the asset. If this is the case, the asset is described as impaired and an impairment loss is recognized as an expense in the profit and loss statement unless the asset is carried at revalued amount in accordance with International

Accounting Standard (IAS) 16, Property, Plant and Equipment in which case an impairment loss of a revalued asset should be treated as a revaluation decrease under that Accounting Standard. #### Software

### 2.15.3 Leases

IFRS 16: Leases has come into force on 1 January 2019, as adopted by the Institute of Chartered Accountants of Bangladesh (ICAB). As Bangladesh Bank (BB) has no other alternative regulation or guidance regarding the same, Agrani Bank PLC. has adopted IFRS 16 in preparing financial statements from 1 January 2020.

IFRS 16 Leases, defines a 'lease' as "A contract, or part of a contract, that conveys the right to use an asset for a period of time in exchange for consideration". In order for such a contract to exist the user of the asset needs to have the right to:

- Obtain substantially all the economic benefits from the use of asset (identifiable asset)
- The right to direct the use of asset

Agrani Bank PLC. applied IFRS 16 using modified retrospective approach where the Bank measured the lease liability at the present value of the remaining lease payments, discounted it using the bank's incremental borrowing rate at the date of initial application, and recognized a right-of-use asset at the date of initial application on a lease-by-lease basis.

#### Right-of-use assets (ROU-Asset)

The Bank recognizes right-of-use assets at the date of initial application of IFRS 16. Right-of-use assets are measured at cost, less any accumulated depreciation, and adjusted for any re-measurement of lease liabilities. Right-of-use assets are depreciated on a straight-line basis over the lease term. The right-of-use assets are presented under fixed assets. (Note-8).

#### Lease Liability

At the commencement date of lease, the bank recognizes lease liabilities measured at the present value of the lease payments to be made over the lease term using incremental borrowing rate at the date of initial application. Lease liability is measured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments.

#### Short-term lease and leases of low value assets

The Bank has elected not to recognize ROU assets and lease liabilities for leases of low value assets and short-term lease, i.e. for which the lease term ends within 12 months of the date of initial application. The Bank recognizes lease payments associated with these leases as an expense. The

contracts for premises with branches, head office wings, circle office regional offices are considered for lease calculation.

The impacts of the new standard on lessees' financial statements are: -

- An increase in recognized assets and liabilities;
- More lease expenses recognized in early periods of lease, and less in the later periods of a lease;
- A shift in lease expense classification from rental expenses to interest expense and depreciation.

The Management of the Bank has approved the adoption of IFRS: 16 Leases in their MANCOM meeting no. 11th dated June 17, 2021 where the Bank has recognized lease assets upper value of BDT 2 crore. Based on materiality consideration, the Bank has considered the 16 agreements for lease consideration which includes Right of Use (RoU) and lease liabilities higher than 2 crores. Rest of the contracts are lower than 2 crore and owned by the Bank.

Details of fixed assets are presented in note 8 and Annexure - G of these financial statements.

- Improved definitions of an asset and a liability, and guidance supporting these definitions and
- Clarifications in important areas, such as the roles of stewardship, prudence and measurement uncertainty in financial reporting.

The Conceptual Framework does not have a stated effective date and the International Accounting Standards Board (IASB) will start using it immediately.

#### **2.46. (c) Definition of a Business (Amendments to IFRS 3)**

The amendments in Definition of a Business (Amendments to IFRS 3) are changes to Appendix A Defined terms, the application guidance, and the illustrative examples of IFRS 3 only. They:

- clarify that to be considered a business, an acquired set of activities and assets must include, at a minimum, an input and a substantive process that together significantly contribute to the ability to create outputs;
- narrow the definitions of a business and of outputs by focusing on goods and services provided to customers and by removing the reference to an ability to reduce costs;
- add guidance and illustrative examples to help entities assess whether a substantive process has been acquired; remove the assessment of whether market participants are capable of replacing any missing inputs or processes and continuing to produce outputs; and
- add an optional concentration test that permits a simplified assessment of whether an acquired set of activities and assets is not a business.

The amendments are effective for business combinations for which the acquisition date is on or after the beginning of the first annual reporting period beginning on or after 1 January 2020 and to asset acquisitions that occur on or after the beginning of that period. Earlier application is permitted.

#### **2.46. (d) Definition of Material (Amendments to IAS 1 and IAS 8)**

"The Bank is required to maintain a provision for Employees Superannuation Fund BDT 871.50 crore where bank maintained a provision of BDT 292.55 crore. Upon bank's request Bangladesh Bank has allowed a deferral facility of net provision shortfall BDT 15,833 crore (including Employees Superannuation Fund) vide letter no. BSD-3(Wing-1)/95/2026-362 Dated 30 April 2026."

According to the actuarial report submitted on 27 May 2018, a deficit of BDT 2,783.00 crore in the provision of the Employees Superannuation Fund (SAF) as on 31 March 2018 has been shown. The aforesaid report contains, among others, phase-wise contribution to the provision for superannuation fund instead of providing the full amount of deficit in one go. Accordingly, the Bank has to contribute BDT 500.00 crore in the first year and BDT 375.00 crore in the following year. There was also a recommendation in the said actuarial report to contribute 43% of the basic salary of the employees each year. Subsequently, the Board of Directors of the Bank has approved in meeting no. 462/19 dated 30 April 2019 to provide BDT 292.55 crore each year by the Bank for the next nine years. However, the Bank contributed 75% of the basic salary of the employees during the year and also made a provision of BDT 871.50 crore for the Employees Superannuation Fund for the year 2025.

**53 Workers Participation Fund**

Chapter-XV of the Bangladesh Labour Act, 2006 (as amended up to 2013) deals with the workers' participation in company's profit by way of 'Workers Participation Fund' and 'Welfare Fund'. This Act requires the "Industrial Undertakings" to maintain provision for workers' profit participation fund @5% on net profit. Since this requirement contradicts with the 'Section 11' of the Bank Company Act 1991 (as amended up to 2013), banks in Bangladesh took up the issue collectively and sought opinion from the Association of Bankers Bangladesh Limited (ABB) on the same. ABB wrote a letter to the Ministry of Finance of the Government of People's Republic of Bangladesh on 09 March 2016 to draw attention of the honorable Finance Minister regarding relevance and applicability of Chapter-XV of the Bangladesh Labour Act, 2006 (as amended up to 2013) for the bank companies and to obtain a direction on the issue. The Ministry of Finance revealed their opinion that WPPF should not be relevant for bank companies, and therefore it should not be applied there. They also sought for an opinion on this issue from Bangladesh Bank. Subsequently, Bangladesh Bank agreed on all the logics and legal opinion collected by the ABB and expressed their consensus with them on 29 November 2016. In this backdrop, the Ministry of Finance has given their instruction, vide letter no. 53.00.0000.311.22.002.17-130 dated 14 February 2017, for not applying Chapter-XV of the Bangladesh Labour Act, 2006 (as amended up to 2013) in bank companies. Therefore, no provision in this regard has been made in the financial statements for the year ended on 31 December 2025.

## **Agrani Bank PLC.**

### **Islamic Banking Unit**

Islami Banking activities was approved in 60 different branches of Agrani Bank PLC. upon setting up Islami Banking windows with separate entry door and counter under a separate book of accounts. Islamic Banking Windows are operated under Islami Banking Unit where overall Islami Banking different from those of conventional banking. Accounting system is vital for ensuring Shariah compliance in such banking operation. Our Islamic Banking operation is committed to follow the accounting principles that refrain from interest. Islami Banking operation run through a separate Islami banking Software. Here are the principles for accounting under its Islamic Banking.

#### **i. Deposits and Profit Sharing:**

Islamic Banks mobilize its deposits through two principles of Shariah to provide interest-free banking facilities-

- a. Al-Wadiah
- b. Mudaraba principles

In Al-Wadiah Account, bank receives money with the condition to return the same, with permission to use/ invest without paying benefit. In Mudaraba deposits, bank plays the role of entrepreneur (Mudarib) and the depositors as fund provider (Rabb al Maal). Under this principle, profit accrued from investment and financing are shared as per pre-agreed ratio. Islami Banking in Agrani Bank Limited share profit with depositors in accordance with the Guideline for Islami Banking by Bangladesh Bank.

Mudaraba depositors are entitled to get minimum 65% of the investment income earned through deployment of Mudaraba Fund as per weight age assigned to each type of Mudaraba deposit. In some Mudaraba Deposits, additional rate was allowed over the rate derived as per weight age. Profit is paid/ provided to Mudaraba Deposit accounts at provisional rate on half-yearly/ yearly/ anniversary basis considering overall projected growth, performance and profitability of the Bank during the year. Final Rates of profit of any accounting year are declared after year end.

#### **ii. Investment Operation:**

Investments are recognized at gross amount on the date on which they are originated. After initial recognition investments are stated in the Balance Sheet net off profit receivable and unearned income. However, provision for investments is not net-off with investments.

Profit Receivable – the amount of unexpired portion of profit charged on Bai-Murabaha investment at the time of sale of goods/ services to customer/ client.

Unearned Income - the amount of unrealized portion of profit/ value addition of fixed assets [property, plant & equipment] under Hire Purchase Under Shirkatul Melk (HPSM) investment for gestation period.

For investment purpose two systems are followed:

- a. Fixed return based investment
- b. Variable return based investment

Fixed return based investment system is applicable for Bai-Muajjal, Bai-Murabaha investment mode. Under this mode, Bank sells the goods to a client at a fixed profit /mark-up on deferred payment basis. Hire Purchase under Shirkatul Melk (HPSM) is also a fixed return based investment mode. In this case rate of rent is fixed but amount of rent becomes variable on the basis of diminishing balance method. Variable return based income is applied for our Musaharaka mode of investment. In these cases, only ratio of Income Sharing is stated in the agreement.

### iii. Income/ Revenue Recognition Principle.

The bank earns income from various sources such as charges, fees, commission and investment. To recognize all sorts of income, Bank follows Shariah principle strictly. Usually charges, fees & commission etc. are recognized on actual basis. Recognition of income from investment follows principles as under:

#### **For Bai-Muajjal, Bai-Murabaha Investment:**

While creating each deal, in case of Bai-Muajjal, Bai-Murabaha mode of investment, mark-up/profit is added to the bank's purchase cost with a credit to unearned income A/c. Thereafter time apportionment of profit is recognised out of the unearned income amount at the end of each month on accrual basis. Allowance (rebate) for early repayment, if any, may however be applied at Bank's discretion.

#### **For Hire Purchase Shirkatul Melk (HPSM) Investment:**

In case of HPSM mode of investment Rent is charged and taken into income account at the end of each month on accrual basis. If the account has a provision of gestation period, no income is earned during the period. In this case income starts just after the end of gestation period. However, Rent is chargeable in spite of gestation, if the delivery of asset is completed in usable condition such as a machine or a set of machinery or building etc. All accrual income is subject to prevailing classification and provisioning rules of Bangladesh Bank.

### iv. Cost Recognition Principle

Cost in respect of profit paid on deposit is recognized on accrual basis. Monthly accruals in this respect are calculated on the basis of provisional profit rate. Other costs are also recognized on the accrual basis following the matching concept of accounting.
